

# Year in Review 2025

Over the past year, our library experienced significant growth alongside our community. Library programs increased by 80%, and overall visits rose by 22%, reflecting strong community engagement and continued trust in the library as a welcoming place to learn, connect, and belong.

We offered a wide range of programs for all ages, including history talks, craft and art workshops, exhibits, storytime, and educational and enrichment activities supporting both academic success and personal well-being. The library also remained a vital access point for essential services such as printing, copying, faxing, and free Wi-Fi.

A highlight of the year was the launch of the Caring Cupboard, which provides free pantry staples to those in need and reinforces our commitment to supporting the whole community with dignity and care.

Most importantly, the library continued to serve as a gathering place where neighbors connected, found support, and strengthened community ties. Thank you for your continued support. We look forward to serving you in 2026.
